NOTES:

- Connector materials:
Housing: High temp thermoplastic, natural, UL94-V0
Protection cover: High temp thermoplastic, black, UL94-V0
Overmold plastic: High temp thermoplastic, black, UL94-V0
Contact: Copper alloy
- Contact plating:
Separate Interface: Performance-based plating, qualified to meet the requirements of FCI product specification GS-12-239, including telcordia GR-1217-CORE (November 1995) central office
Press-fit tails: Pure tin over nickel
- Product specification: GS-12-379
- Application specification: GS-20-069
Flat rock insertion into PCB by pushing on top of surface protection cover.
- Product marking (Partnumber, lotcode).
- See customer drawing 10045979 for information on PCB hole.
- Lead free partnumbers meet the European Union Directives and other country regulations as described in GS 22-008.
- The housing should withstand exposure to 260° peak temperature for 40 seconds in a convection, reflow or vapour phase reflow oven.
- Packaging specification GS-14-1087 meets GS-14-920 lead free labeling specification.
- Cut-out of connector at opposite side of position AI indicator
It is recommended to print this visible line on the PCB to indicate proper orientation.
Other visible polarisation marks are AI indicator and printing side.
- Gripping feature to remove protection cover by standard pliers.
- Gripping feature to remove protection cover by fingers.
