8-IN-1 INTERCHANGEABLE INSULATED SCREWDRIVER SET

Klein Tools' Interchangeable Insulated Screwdriver Set includes an insulated handle and 5 interchangeable insulated blades for quick changes on the job. The auto-eject mechanism works with just a twist, allowing you to change or flip blades simply and easily. A bright orange coating of insulation protects from electrical shock, as well as being flame and impact resistant. The set of five slim-tip blades come in a protective roll pouch, making this the perfect set for your tool bag.

- Meets or exceeds ASTM F1505-16 standard for insulated tools
- 1000V rated when used with the included insulated handle
- A layer of orange impact and flame resistant insulation protects from electric shock

Securely and easily release the blade with a quick twist to the lock collar

Includes a durable roll pouch for protective storage and transportation

Two, long single-ended blades measure 5-3/4" out-of-handle

Cushion-Grip handle allows for greater torque and comfort

Three, short flip blades have two tips in one driver and measure 3-1/2" out-of-handle

Slim-tip blades for easier access to tight spaces

1000 V
