

**THE DATASHEET OF  
1110-F112-P1M1-1A**

## Description

Tease-free, trip-free, snap action mechanism. Designed for snap-in panel mounting utilising round hole or industry standard fuse-holder cut-out dimensions. Featuring an ergonomically styled two colour actuator with indicator band clearly showing the tripped/OFF position. Approved to CBE standard EN 60934 (IEC 60934): S-type TO CBE

## Typical applications

Motors, transformers, solenoids, extra low voltage systems, household and office machines, instrumentation, marine applications, mobile homes.

## Features

- Single pole thermal circuit breaker/switch combination
- Voltage rating: AC 250 V, DC 50 V
- Current ratings: 0.05...16 A
- Approvals: VDE, UL, CSA
- Accessories: Plastic cap to protect against dust and water in actuator and terminal area (IP64)

## Your benefits

- Cost and space savings because one component unites the functions of ON/OFF switch and overload protection
- Time savings through quick trouble-shooting and fast and easy reset by push button
- Maximum machine and equipment uptime through perfectly matched overload protection protection and quick reset

## Preferred types – for more details on all configurations please see order numbering code

Preferred types are E-T-A products most frequently used by E-T-A customers. We manufacture E-T-A preferred types in particularly high volumes.

This is a metric design and millimeter dimensions take precedence ( $\frac{\text{mm}}{\text{inch}}$ )

All dimensions without tolerances are for reference only. In the interest of improved design, performance and cost effectiveness the right to make changes in these specifications without notice is reserved. Product markings may not be exactly as the ordering codes. Errors and omissions excepted.

## Typical time/current characteristics at +23 °C/+73.4 °F

The time/current characteristic curve depends on the ambient temperature prevailing. In order to eliminate nuisance tripping, please multiply the circuit breaker current ratings by the derating factor shown below.

Ambient temperature °F	-4	+14	+32	+73.4	+104	+122	+140
°C	-20	-10	0	+23	+40	+50	+60
